

Measure J

Middle, High and Alternative Schools

Twin Rivers Unified School District (TRUSD) is committed to **ensuring our schools provide each student with optimal facilities to learn, grow, and become college and career ready.** With an average building age of 57 years old, there are immediate health and safety improvements that must be addressed. **In 2022, voters passed Measures J and K, two bond measures to address health and safety facility improvements for middle, high and alternative schools throughout the district.**

Key Project Areas

School security and safety feature enhancements

Air conditioning, heating and electrical system repair

Security improvements

Replace lead pipes, asbestos, mold and lead paint

Equip classrooms with essential technology

Fix roofs, cracked pavement and deteriorating playgrounds
