& FAMILY SERVICES**
INDUSTRY SECTOR

*Education is a career field that is
vital to society*

As an educator, you can play a crucial role in shaping future generations to ensure that every child acquires essential skills and knowledge during their formative years. Your role centers on promoting their social and emotional growth and fostering a love for learning, which all have a lasting impact on their success and well-being and the communities they ultimately live in.

Education Pathway

This pathway prepares you to work with young children in preschool, daycare and primary grades. You'll develop an understanding of the responsibilities and systems involved in education careers. In the classroom, you will learn the profession of teaching and connect to the community at large while acquiring the knowledge of education through the perspective of classroom, school, district, state and federal roles.

While you're in High School
